DENMARK

TP 175 MOBILE has set new performance standards for machines weighing less than 750 kg and which only require an ordinary driving licence

<750 kg

A fuel efficient lightweight

- TP 175 MOBILE is a towed disc wood chipper with a 35 hp diesel engine
- Suitable for branches up to 175 mm in diameter
- With an integrated hydraulic system and two aggressive feed rollers a strong and problem-free in feed is ensured
- The displaced blade system TP OPTICUT ensures that there is always a blade engaging the material in the wood chipper. The result is less vibration, a more steady strain on the machine and a fuel consumption level considerably lower than comparable machines in the market.

*Trust in
the quality*

As one of the first manufacturers of wood chippers worldwide, Linddana is offering a 3 year warranty for the complete range of TP Landscape Wood Chippers.

Optimise your up-time with the TP SERVICEBOX
with critical wear parts (included)

TP 175 MOBILE

Technical Data

Max. wood diameter	175 mm
Infeed opening	H x W = 175 x 191 mm
Chipping principle	Disc chipper with TP OPTICUT
In feed angle	Parallel to driving direction
Feed rollers	2 horizontal
Rotor disc diameter	599 mm
Rotor disc weight	69 kg
Number of blades	2
Counter steel	1 horizontal, 1 vertical
Chip length	4 - 12 mm
Engine	Lombardini (diesel)
Engine power	35 hp
Capacity	Up to 10 m ³ /hour
Weight	749 kg
Dimensions H x W x L	2440 x 1416 x 3573 mm

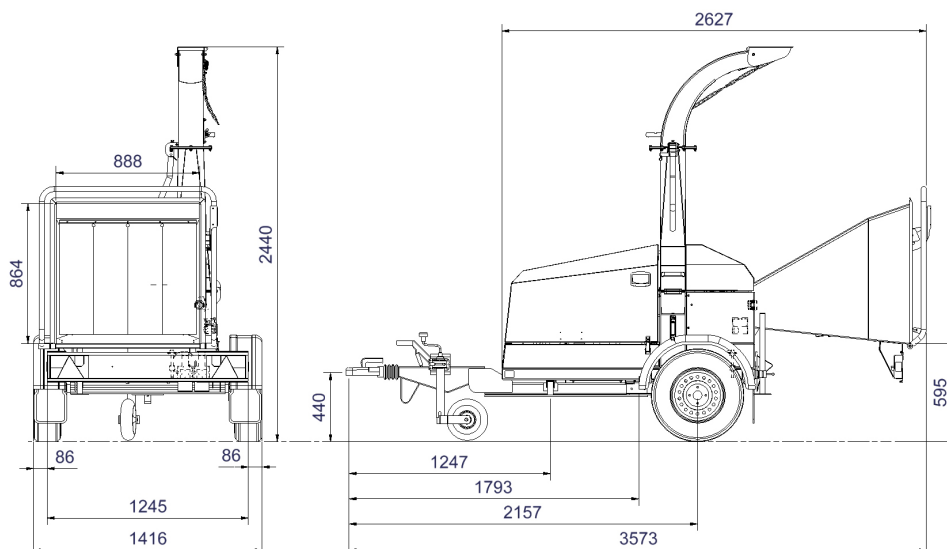

Easy and reliable operation

The no-stress control system **TP PILOT** and automatic clutch system **TP STARTER** is standard equipment.

TP 175 MOBILE is mounted on a one-axle galvanized trailer with overrunning brake system and stabiliser.
