

Heavy-duty for hand feeding

TP 230 PTO

RELIABLE CHIPPING

DESIGNED

+

MANUFACTURED

↓

DENMARK

Ideal when there is a need for efficient removal of branches and wood material placed alongside a road or hutch. Tractor effect 50 - 120 hp.

Unique design with 90° angled funnel

- Strong wood chipper with a tip-up funnel perpendicular to the driving direction and an integrated hitch for trailer
- The three blades, vertical feed rollers and the cutting angle of 45° ensure an aggressive and problem free chipping of even the most crooked trunks
- The stress control system TP PILOT is optional - recommended if the tractor effect is less than 90 hp
- A replaceable tub plate in the rotor housing reduces the costs for maintenance

*Trust in
the quality*

As one of the first manufacturers of wood chippers worldwide, Linddana is offering a 3 year warranty for the complete range of TP Landscape Wood Chippers.

Optimise your up-time with the TP SERVICEBOX
with critical wear parts (included)

TP 230 PTO

Technical Data

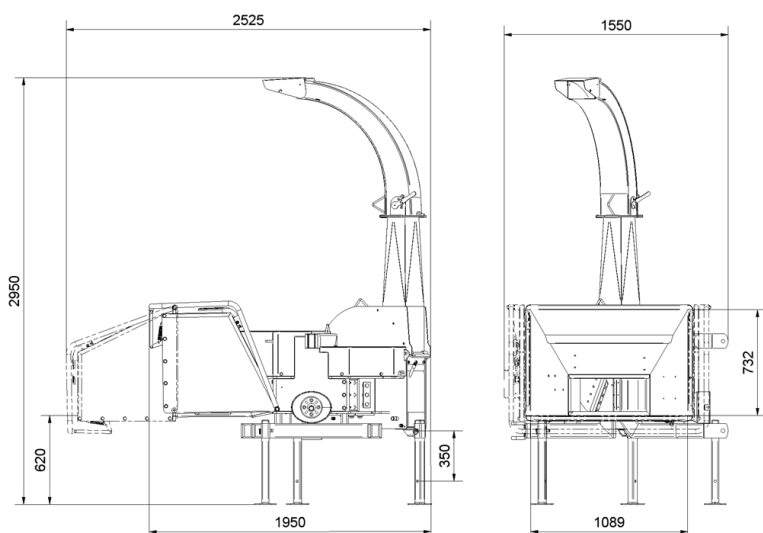

Max. wood diameter	230 mm
In feed opening	H x W = 230 x 240 mm
Chipping principle	Disc
In feed angle	Perpendicular to driving direction
Feed rollers	2 vertical
Rotor diameter	760 mm
Rotor weight	149 kg
Number of blades	3
Counter steel	1 horizontal, 1 vertical
Chip length	11 - 19 mm
Power requirement	50 - 120 hp (37 - 90 kW)
PTO rotations per minute	1000 rpm
Capacity	Up to 54 m ³ /hour
Weight	990 kg
Dimensions H x W x L	2950 x 2525 x 1550 mm

Optional equipment:
The TP WINCH is driven by the wood chipper's hydraulic system. The winch pulls in the trunks, making the work even easier and more work environmentally friendly.

As for all TP Wood Chippers, TP 230 PTO is simple to service; all wearing parts can be changed with standard tools. For maximum safety, there is a disc lock while changing blades.
