+ This is the wood chipper that complies with every demand for capacity and performance! Equipped with the latest in engine technology and the fingertouch panel TP NAVIGATOR™

TIER IV FINAL AND STAGE 3B APPROVED ENGINE

TIER 4 FINAL & STAGE 3B APPROVED ENGINE

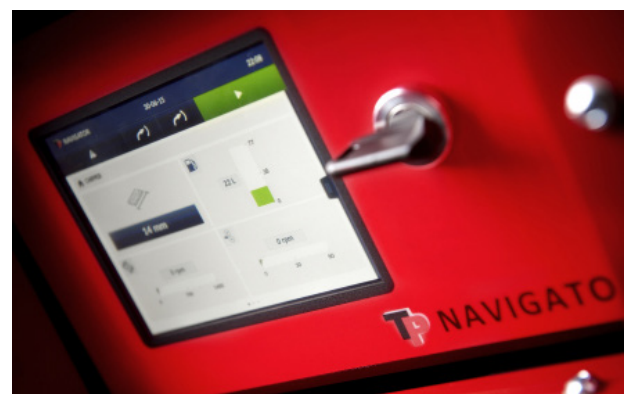

MADE FOR PROS BY PROS

Trust in the quality

The optimal heavy duty machine

- Professional disc chipper with two vertical feed rollers, a strong TP TWINDISC™ rotor and the innovative blade system, TP OPTICUT™ ensuring an energy-friendly wood chipping - and not to mention a uniform chip quality
- Kohler/Lombardini 74 hp diesel engine with turbo charger based on common rail technology that reduces both the fuel consumption and diesel particle emissions
- Various trailer versions available - including twin axle and turntable

TP SERVICEBOX with critical wear parts included

TP 275 MOBILE

Technical data
